- Referees have the right to END any game for reasons they deem necessary.
 - Any impact to Standings will be at Commissioner discretion.

Game Length:

- Regulation is two 20-minute halves with halftime of 2-minutes.
- First Overtime is 2-minutes. If score is still tied after First Overtime, teams will play Sudden Death to 5 points with no game clock.
- Regulation, overtime, and Sudden Death all begin with jump-ball at center court.

Game Clock:

 - Last 1 minute of overtimes for free throws, dead balls, and made field goals.

 - To confer with scorers or clock operator.
 - During team timeout.
 - For any emergency.
- Clock will NOT stop if there is 20 or more point lead in the second half under 2 minutes.
- If clock is stopped, it can only be restarted by referee discretion or when it is legally touched after a jump-ball, missed free throw, or inbound.
- In the regular season, the game will end if a team is leading by 15 or more points with 60 seconds or less remaining in the game.

Beginning Halves and Overtime:

- First half and overtime will start with a jump-ball.
- To start second half, offense will be granted to team favored with possession arrow at end of first half.
- At beginning of second half, ball will be inbounded at half court. Inbounding team can use backcourt to inbound - it will not result in backcourt violation.
- In event of an overtime, team fouls will carry over to extra period (i.e. if team has 5 fouls at end of regulation, it begins overtime period with 5 team fouls).

Alternating-Possession Arrow:

- Team that does not gain possession after initial jump-ball will be given alternating-possession arrow.
- Direction of alternating-possession arrow will be reversed immediately after:

- If loose ball hits ceiling beam, possession will be determined by alternating-possession arrow rule.

Timeouts:

- Only players on court may request timeouts from referees, and only when on offense or when play is dead (dead-ball, free-throws, etc).
- Each team is given 2 timeouts for each half and 1 timeout for overtime (no carryover). All timeouts are 30 seconds.
- If team does not have timeout, and a player on the court requests a timeout, the team (not player) will be charged with technical foul.
- Timeouts will only be granted if player still has at least one foot on ground.
- Teams may advance the ball with 1 minute left in regulation (or 1 minute left in overtime) if a time out is called by the team with the ball before or after inbound. This is not limited to before a player dribbles the ball. Inbounding team can use backcourt to inbound - it will not result in backcourt violation.
